On Sept. 26, 2018, the Renaissance hosted Read Between the Wines, a spirited celebration of literacy, to benefit The READ Center. The event was sponsored by Bon Secours Richmond Health System, The John Daylor Team of Joyner Fine Properties, and the Asset Protection Group.

The event featured READ Center students, who read original works or stories they studied in class and shared their personal stories in reading circles. There were 110 guests in attendance at the event. The READ Center is a community-based nonprofit adult literacy organization. For more than thirty years, READ Center has helped adults with low-level literacy develop their reading and communication skills so they can fulfill their roles as family members, workers and members of the community.
